PROFESSIONAL SUMMARY

Java Backend Developer with **1.2+ years** of experience building production-grade backend systems using **Java**, **Spring Boot**, and **Microservices architecture**. Currently enhancing an Amazon Advertising Analytics Platform at Cycles Innovation Labs, working with US-based teams on high-scale data processing, REST API optimization, and **PostgreSQL** query performance. Before transitioning into tech, pursued the UPSC Combined Defence Services examination — an experience that sharpened analytical thinking, discipline, and the ability to perform under pressure. Passionate about building clean, scalable backend systems and continuously deepening expertise in distributed systems and cloud-ready architecture.

SKILLS

Category	Technologies
Languages	Java (Primary), Python
Frameworks	Spring Boot 3, Spring MVC, Spring Security, Hibernate, Django, Django REST Framework
Architecture	Microservices, REST API Design, Event-Driven Architecture
Messaging & Cache	RabbitMQ, Redis, Celery
Databases	PostgreSQL, MySQL
ORM & Persistence	Spring Data JPA, Hibernate, JDBC
Tools & DevOps	Maven, Git, Postman, Apache Tomcat, Jenkins
Practices	SOLID Principles, Agile, SDLC, Pagination & Filtering, System Design

EXPERIENCE

Cycles Innovation Labs LLP

Backend Developer Jun 2025 – Present

Amazon Advertising Analytics Platform
Java, Spring Boot, Spring Data JPA, REST API Development, Microservices Architecture, PostgreSQL

- Diagnosed and resolved critical backend issues in REST APIs related to campaign and keyword analytics, improving system stability.
- Designed and implemented pagination and filtering for large datasets, improving API performance and response time.
- Investigated production issues using logs and monitoring tools, identifying root causes and ensuring faster resolution.
- Collaborated with US-based engineering and production support teams to maintain system stability.

Cycles Innovation Labs LLP

Backend Developer Intern (Paid) Nov 2024 – Mar 2025

Reality Of America
<https://realtyofamerica.com>
Python, Django, Django REST Framework, PostgreSQL, Redis

- Resolved backend issues in property listing APIs and filtering logic to improve search accuracy.
- Developed activity logging APIs to track actions performed by admins, team leaders, and team members.

- Stored activity records in PostgreSQL for auditing and monitoring system activity.

Truliv

<https://truliv.in>

Python, Django, Celery, Razorpay, Redis

- Integrated Razorpay payment gateway and resolved order verification issues using webhook validation.
- Automated bed allocation workflow to optimize property space utilization and booking management.

Techietact Solutions Pvt Ltd

Java Developer Trainee (part time)

Jan 2024 – Nov 2024

Mysaleza CRM System

Java, Spring Boot, Angular, JPA, RabbitMQ, Microservices Architecture

- Engineered RESTful APIs for end-to-end sales quote management including creation, updates, and lifecycle tracking.
- Integrated Quotes module with Products, Accounts, and Sales Orders to ensure data consistency across CRM workflows.
- Implemented microservice-based architecture using RabbitMQ for asynchronous inter-service communication.

MyCognitiv Platform

Java, Spring MVC, JSP, Hibernate, Servlet, Apache Tomcat

- Developed and maintained the Admin Control Tower module, enabling centralized management of platform users, assessments, and system configurations.
- Built backend logic using Spring MVC and Hibernate ORM, ensuring stable data persistence and platform reliability.

PROJECTS

Microservice Architecture - Asynchronous Communication

- Implemented **asynchronous communication** between microservices using **RabbitMQ**.
- Integrated **Spring Boot and Message Queues** for efficient inter-service communication.

Version Change - Spring Boot 2.x to 3.x

- Migrated from **Spring Boot 2.x to 3.x**, ensuring better performance and security.
- Designed RESTful APIs for **account creation and management**.

CERTIFICATIONS & AWARDS

Technology Resolution Champion - Cyces Excellence Awards 2025

Cyces Innovation Labs LLP | Dec 2025

Core Java & JEE Certification Training

Accord Info Matrix Pvt Ltd, Chennai | Nov 2022 – Mar 2023

EDUCATION

MCA - Computer Application

SRM University, Kattankulathur.

2023 – 2025

B.A English Literature

St.Joseph's College (Autonomous), Tiruchirappalli

2017 – 2020

Career Transition Note

Prepared for the UPSC Combined Defence Services (CDS) examination — developed strong analytical thinking, discipline, and structured problem-solving under high-pressure conditions before transitioning into software development.

2021 – 2023
